PROFILE

Darren Powell is a motivated Front end Web Developer with an interest in technological advancement, and a passion for helping brands utilize tech to grow their business.

Proficient in web development and equipped with a diverse skill set, Darren is skilled in an assortment of technologies, including HTML, CSS, JavaScript, and Drupal.

Darren is able to effectively self-manage during independent projects, as well as collaborate as part of a productive team.

As a web developer, Darren shows strong leadership skills, and excellent communication skills love working in teams, always meets deadlines, and loves being prompt.

Darren is focused, precise, and solutions-oriented whilst bringing forth extensive practical skills.

EMPLOYMENT HISTORY

Software Engineer Intern, Compuways

Johannesburg

Aug 2019 — Jan 2020

Coding and debugging software applications. Collaborating with team members to enhance current software. Testing software applications and patches. Experimenting with program design elements.

Front end web developer, Wunderman Thompson

Johannesburg

Feb 2020 — Present

At Wunderman Thompson, I have the opportunity to show my forward thinking. Coming up with modern approaches to solving problems, and being proactive in simplifying solutions. I achieved my Drupal site studio certification, and lead a team through brand migrations.

- Create estimates for small/medium/large, complex development tasks.
- Maintain and improve website code and quality.
- Collaborate with back-end developers, UI/UX designers to improve usability.
- Act as a technical person in client communications.
